## Customizable designs and sizes

When it comes to designs and sizes, the possibilities for our JAM JAR TOPPERS are almost endless. Virtually any design can be printed on our decorative jam jar toppers, including company logos, checks, stripes, lace patterns, floral designs, vintage styles, or a linen-like fabric look. Fine embossing methods are also available. The shapes and sizes of our toppers are infinitely customizable, and we will create a custom-tailored product designed according to your desires.

## Quality makes the difference

Our decorative JAM JAR TOPPERS are made from high quality Linclass®Airlaid, which is almost indistinguishable from fabric in its look and feel, and are coated with PE laminate which protects them from moisture penetration. Of course, we can also manufacture our toppers for your jam jars out of other materials as well, such as multilayer tissue.

Our JAM JAR TOPPERS fit any size of jar and any seal type, from lightning-style closures to screw tops, and are a visual accent your customers will love.
